

critical strategies pocket style pdf

I've seen analyses of the long odds the U.S. government would face if it ever attempted to confiscate civilian firearms before. The Mathematics of Countering Tyranny seems like a particularly well done example.. The authors compute that under very generous assumptions there are about 83000 door-knockers available to perform confiscation raids.

A hedge fund is an investment fund that pools capital from accredited individuals or institutional investors and invests in a variety of assets, often with complex portfolio-construction and risk-management techniques. It is administered by a professional investment management firm, and often structured as a limited partnership, limited liability company, or similar vehicle.
