

decision making in economic pdf

In psychology, decision-making (also spelled decision making and decisionmaking) is regarded as the cognitive process resulting in the selection of a belief or a course of action among several alternative possibilities. Every decision-making process produces a final choice, which may or may not prompt action.. Decision-making is the process of identifying and choosing alternatives based on the ...

In the early 1950s, St. Louis began construction of the Pruitt-Igoe towers and other high-rises to house the African American poor. Pruitt had been intended for blacks and Igoe for whites, but by the time the projects opened in 1955-56, few whites were still interested in urban public housing; there were so many inexpensive options for them in south St. Louis and in the suburbs.
