A developing country (or a low and middle income country (LMIC), less developed country, less economically developed country (LEDC), or underdeveloped country) is a country with a less developed industrial base and a low Human Development Index (HDI) relative to other countries. However, this definition is not universally agreed upon. There is also no clear agreement on which countries fit ...

Quality Improvement Guide - Health Quality Ontario (HQO)

From the systematic review analysis, we were able to identify three main drivers of change for advancing education quality and student learning in developing countries (see Fig. 1). These consist of (i) interventions aiming to enhance the supply-side capabilities of education institutions, (ii) interventions targeting supply-side and demand-side changes in preferences and behaviours that affect ...
