Overview. Grounds for divorce vary widely from country to country. Marriage may be seen as a contract, a status, or a combination of these. Where it is seen as a contract, the refusal or inability of one spouse to perform the obligations stipulated in the contract may constitute a ground for divorce for the other spouse. In contrast, in some countries (such as Sweden, Finland, Australia, New ...

Divorce - Wikipedia

Like marriage, divorce in the United States is under the jurisdiction of state governments, not the federal government. Divorce or "dissolution of marriage" is a legal process in which a judge or other authority dissolves the bonds of matrimony existing between two persons, thus restoring them to the status of being single and permitting them to marry other individuals.
