Quick-setting drywall compound lets you finish small repairs and fill deep holes in minutes instead of waiting days for premixed joint compound to dry. The small boxes are available in most home centers and paint stores are also easier to store and more likely to get used up than large bags or buckets.

This router table is packed with some impressive features. But what I really like about it is that it takes only one 5' x 5' sheet of 1/2" Baltic birch plywood (see the cutting diagram on the next page) and a weekend to build. Large Top. Fast, inexpensive construction isn't the only thing going for this router table.
