Earth is the third planet from the Sun and the only astronomical object known to harbor life. According to radiometric dating and other sources of evidence, Earth formed over 4.5 billion years ago. Earth's gravity interacts with other objects in space, especially the Sun and the Moon, Earth's only natural satellite. Earth revolves around the Sun in 365.26 days, a period known as an Earth year.

Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for K-12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...

What is the Core Knowledge Sequence? Educational excellence and equity require a coherent, cumulative, knowledge-based curriculum. This basic principle inspired the Core Knowledge Foundation to undertake the long process of research and consensus-building that led to the development of the Core Knowledge Sequence, the blueprint for knowledge-based schooling.
