The Beef Hormone Dispute is one of the most intractable agricultural controversies since the establishment of the World Trade Organization (WTO).. It has sometimes been called the "beef war" in the media, similarly to the UK-EU Beef war over the mad cow disease issue, creating some confusion, since these two wars overlapped in time.. In 1989, the European Union banned the importation of meat ...

Gun politics is an area of American politics defined by two primary opposing ideologies about civilian gun ownership. People who advocate for gun control support increasing regulations related to gun ownership; people who advocate for gun rights support decreasing regulations related to gun ownership. These groups often disagree on the interpretation of laws and court cases related to firearms ...

Another interesting factor to note is the portrayal of the Secretary-General (SG) within the United Nations. The SG's initial role of entrepreneurship and chief of all administrative matters within the organization was a political decision, as nations did not want to transmit the notion of a global governance to the world community.

The Role of International Organisations in World Politics

There is, of course, a legitimate argument for some limitation upon immigration. We no longer need settlers for virgin lands, and our economy is expanding more slowly than in the nineteenth and early twentieth century.
